

Figure 1 shows the major components of the BL440ZX motherboard.

OM07455

- |   |  |   |   |
|---|--|---|---|
| A | Back panel I/O connectors                            | J | BIOS Setup configuration jumper               |
| B | Microphone routing jumper                            | K | Hardware monitor component                    |
| C | Crystal CS4297 audio codec                           | L | PGA370S processor socket                      |
| D | Creative Sound Blaster AudioPCI 64V audio controller | M | DIMM sockets                                  |
| E | NLX card edge connector                              | N | Intel® 82443ZX PAC                            |
| F | Piezoelectric speaker                                | O | ATI RAGE PRO TURBO 2X AGP graphics controller |
| G | Intel 82371EB PIIX4E                                 | P | Intel 82559 LAN controller                    |
| H | Processor fan connector                              | Q | SMSC FDC37M807 I/O controller                 |
| I | Battery  |   |   |
