

A problem has been detected and windows has been shut down to prevent damage to your computer.

The problem seems to be caused by the following file: iegddfs

If this is the first time you've seen this stop error screen, restart your computer. If this screen appears again, follow these steps:

The device driver got stuck in an infinite loop. This usually indicates a problem with the device itself or with the device driver programming the hardware incorrectly.

Please check with your hardware device vendor for any driver updates.

Technical information:

*** STOP: 0x000000EA (0x8737DDA8, 0x874E7330, 0xF78D2CBC, 0x00000001)
